

## **Paint & Coatings Engineer / Chemist (m/f)**

Bollig and Kemper has been a leading manufacturer of automobile serial coatings in Germany and Europe since 1919. Nippon Paint, one of the biggest coatings manufacturers in Asia, took over the Bollig and Kemper group in the course of its regional expansion in January 2016.

If you are an engineer / chemist in coatings / paint and experienced in the product maintenance and customer support of automotive OEM Electro-Disposition Coatings (EDC), if you like flat hierarchies as well as an independent work style, we would be glad to receive your application to become a part of our success story.

### **Your scope of tasks!**

- Responsible for maintaining the quality of the product supplied to customers
- Supporting the introduction of newly developed products in close cooperation with our customers
- Establishing a liaison with other suppliers (e.g. pre-treatment / PVC materials) to achieve the best performance of our products and our customers
- Providing on-site technical service in case of open issues
- Documenting and presenting results obtained in the laboratory or at the customer's site

## **Your skills!**

- Experience with automotive OEM paint shops, especially with EDC or in the field of metal pre-treatment or PVC application
- Alternatively, proven industrial EDC (paint shop) experience also appreciated
- Knowledge of EDC paint formulation, key properties, testing and application
- Experience with problem-solving at customer sites
- Knowledge of raw materials regarding EDC paint formulation
- Up-to-date with new advancements in terms of paint applications, especially dip-coatings and key customer (technical) developments
- Ability to think and act in EDC process-centered approaches and aware of the impact on making decisions for the team members in the (internal) value chain
- Creativity in exploring different possibilities of achieving objectives
- Close global cooperation with B&K and Nippon Paint colleagues to build up a mutual knowledge and experience base
- Possess a committed, self-driven, independent and flexible way of working with colleagues from different cultures
- Experience with the general MS Office tools
- A very good command of written and verbal English as well as German language skills

## **We offer...!**

- A fascinating area of accountability with a high level of self-responsibility
- A collegial working environment with mutual support
- Short communication and decision paths
- Further training offers as well as individual language courses
- National and international development opportunities
- Excellent social benefits, especially a company pension insurance

Would you like to support us in our international growth?

We would be glad to receive your application documents via email ([karriere@bolligundkemper.de](mailto:karriere@bolligundkemper.de)) including information about your salary expectations and your earliest possible entrance date.

For any kinds of questions please contact A. Zarges (telephone number: +49 221 5884 -200).
